# Scavenger Hunt Guide

Kzoo Parks is excited to present the Winter Family Scavenger Hunt! Take an adventure through city parks using clues and maps to find hidden items.

Items have been hidden in 15 participating parks throughout the City for you to find and take a photo with for a chance to win prizes. The scavenger hunt is free and all community members are welcome to participate.

Note: This is not an in-person gathering, but instead a self-paced scavenger hunt.

## How to Participate

Use this guide when exploring parks to find hidden items and take a photo with them. Each page of this guide features a different park and includes clues and a park map to help you find the hidden item.

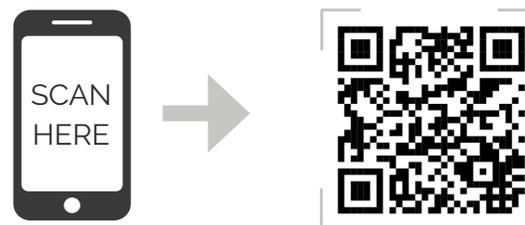

The participating parks have also been divided into different difficulty levels so that you can choose your level of challenge!

Please complete the submission form and upload a photo of the hidden item you found to enter the prize drawing. Complete the form for each park you visit -

each submission is one entry into the prize drawing. So the more parks you explore, the better your chances of winning a prize! All submissions must be made by **Wednesday, February 18**.

A link to the submission form can be found on the scavenger hunt page on the Kzoo Parks website, scan the QR code below with your phone or visit:

## Prizes

Five winners will be randomly selected to win a Family Season Pass at Kik Pool (\$125-170 value)! Winners will be contacted via email and announced on social media on Friday, February 20 at 12 p.m. The first 50 participants will also receive a free Kzoo Parks t-shirt for each participating family member.

## Rules & Guidelines

- Participants only need to take a photo with the items and are asked to leave items where they found them so that others can participate.
- The hidden items will be placed in locations that are within reach, and will not be placed in restricted areas, under any park equipment, or above seven feet off the ground.
- Participants will not need to look through flower beds or dig anywhere to find hidden items.

## Safety Precautions

When planning outdoor activities in cold weather, residents are reminded to dress warmly, check the weather, and plan ahead to ensure they can safely enjoy the winter season.

## Park Maps

The park maps included in this guide are not to scale or architecturally accurate. They are simply intended to give a general idea of where park amenities and hidden items are located.

## Parking & Access

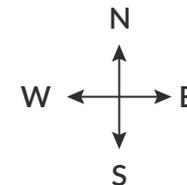

Please note, some park vehicle gates are closed for the winter. The large parking lot at Spring Valley Park near the water tower on Mt. Olivet Road is open year-round. Weather conditions such as snow or ice may also affect access to parking lots and paths. Please use caution when using park areas covered in snow or ice.
